Biomedical Engineering Leadership Seminar Series

**Fall 2013**

**Monday, October 14 - 4:00pm**
**Martine LaBerge, Ph.D.**
Professor & Chair, Dept. of Bioengineering; Interim Dean, College of Engineering and Science Clemson University
*TKR Improved Outcome: A Biomaterials Perspective*
Location: Communicore, room C1-15

**Monday, October 28 - 4:00pm** **CANCELLED**
**Douglas Lauffenburger, Ph.D.**
Ford Professor of Bioengineering & Head, Dept. of Biological Engineering, Massachusetts Institute of Technology
*Systems Biology Approaches to Improved Cancer Therapeutics*
Location: Communicore, room C1-15

**Monday, November 4 - 4:00pm**
**Kyriacos Athanasiou, Ph.D.**
Distinguished Professor and Chair, Department of Biomedical Engineering, University of California, Davis
*Some Examples Toward Bioengineering Translation*
Location: Communicore, room C1-15

**Spring 2014**

**Monday, January 13 - 4:00pm**
**Arthur Coury, Ph.D.**
Independent Medical Services Professional, Principal, Coury Consulting Services
*Considerations in Successfully Translating Promising Medical Concepts to the Marketplace*
Location: Communicore, room C1-17

**Monday, March 10 - 4:00pm**
**Gilda Barabino, Ph.D.**
Dean, Grove School of Engineering, The City College of New York
*Sickle Cell Disease: Advances toward Improved Treatment Strategies using Engineering Approaches*
Location: Communicore, room C1-17

**Monday, April 7 - 4:00pm**
**Shankar Subramaniam, Ph.D.**
Professor and Chair, Department of Bioengineering, University of California, San Diego
*Challenges in Systems Biology and Medicine*
Location: Communicore, room C1-17
