

Undergraduate students requesting to participate in the combined bachelor's and master's degree program must complete this internal department form and return to room JG56 in the Biomedical Sciences Building. You must have a minimum cumulative 3.3 UF GPA and have completed all critical tracking requirements to submit an application. Students with a GPA lower than 3.3 must submit a petition to be considered for this program and are not guaranteed admission. You will be contacted by the Academic Advisor to complete an additional college combined degree program application during your final term of enrollment.

Student Name: _____

UFID: _____ Email Address: _____@ufl.edu

Please provide below the list of graduate courses you wish to complete. A maximum of 12 credits can be applied to both the undergraduate and graduate degree.
