

Biosignals and Systems

BME 3508

Class Periods: 5 (Monday, Wednesday, Friday)

Location: CHE 0237

Academic Term: Fall 2017

Instructor

Name: Mingzhou Ding

Email Address: mding@bme.ufl.edu

Office Phone Number: 273 9332

Office Location: BMS J285

Office Hours: 10am to 11am, Monday, Wednesday, Friday

Teaching Assistant

TBD

Course Description

Basic theory and techniques of biosignals and systems. Topics include sampling, noise in biological signals, signal averaging of noisy biological signals, Fourier analysis and filtering.

Course Pre-Requisites / Co-Requisites

Pre-Requisites: MAC2313 with minimum grade of C.

Course Objectives

This course will acquaint the student with all the major concepts and methods in the analysis of biosignals and systems.

Materials and Supply Fees

None.

Required Textbooks and Software

Signal Processing for Neuroscientists by Wim van Drongelen, Academic Press, 2011.

Recommended Reading

Probability and statistical inference by Hogg and Tanis (6th edition). *The analysis of time series: An introduction* by Chatfield (6th edition)

Course Content/Schedule

Week 1: Acquisition of biosignals: discrete sampling in amplitude and time, Nyquist-Shannon sampling theorem, anti-aliasing filter

Weeks 2-5: Biological noise: theoretical considerations: stochastic processes, univariate and bivariate biological time series, Matlab based simulation and analysis

Week 6: Event-related response and signal averaging: theoretical basis of averaging, Matlab based simulation and analysis

Weeks 7-10: Fourier analysis of deterministic and random biological signals: Fourier theorem, real and complex Fourier analysis, spectral analysis of univariate and bivariate biological time series

Week 11: Linear systems and Laplace transform: LTI systems, Laplace transform, z-transform

Week 12: Filtering theory and applications to biological problems: physical models of filters, IIR and FIR filters

Weeks 13-14: Nonlinear models and methods: discrete maps, concepts of deterministic chaos, characterization of nonlinear time series, Matlab based simulation and analysis

Attendance Policy, Class Expectations, and Make-Up Policy

Attendance is strongly encouraged. Students are expected to take careful class notes.

Evaluation of Grades

50% homework, 25% midterm exam and 25% final exam.

Grading Policy

A: 95-100, A-: 90-94.99, B+: 85-89.99, B: 80-84.99, B-: 75-79.99, C+: 70-74.99, C: 65-69.99, C-: 60-64.99.

Students Requiring Accommodations

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, <https://www.dso.ufl.edu/drc>) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Course Evaluation

Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at <https://evaluations.ufl.edu/evals>. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at <https://evaluations.ufl.edu/results/>.

University Honesty Policy

UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." The Honor Code (<https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Software Use

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy

There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: <http://registrar.ufl.edu/catalog0910/policies/regulationferpa.html>

Campus Resources:

Health and Wellness

U Matter, We Care:

If you or a friend is in distress, please contact umatter@ufl.edu or 352 392-1575 so that a team member can reach out to the student.

Counseling and Wellness Center: <http://www.counseling.ufl.edu/cwc>, and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

Sexual Assault Recovery Services (SARS)
Student Health Care Center, 392-1161.

University Police Department at 392-1111 (or 9-1-1 for emergencies), or <http://www.police.ufl.edu/>.

Academic Resources

E-learning technical support, 352-392-4357 (select option 2) or e-mail to Learning-support@ufl.edu.
<https://lss.at.ufl.edu/help.shtml>.

Career Resource Center, Reitz Union, 392-1601. Career assistance and counseling. <https://www.crc.ufl.edu/>.

Library Support, <http://cms.uflib.ufl.edu/ask>. Various ways to receive assistance with respect to using the libraries or finding resources.

Teaching Center, Broward Hall, 392-2010 or 392-6420. General study skills and tutoring.
<https://teachingcenter.ufl.edu/>.

Writing Studio, 302 Tigert Hall, 846-1138. Help brainstorming, formatting, and writing papers.
<https://writing.ufl.edu/writing-studio/>.
