Molecular Biomedical Engineering

BME 4311 Section 11786

Class Periods: M, W, F, Period 5 (11:45 – 12:35)

Location: Room: MSB N2-00 in the Stetson Medical Sciences (MSB)

Academic Term: Fall 2019

Instructor:
Peter S. McFetridge
Associate Professor
pmcfetridge@bme.ufl.edu
352-273-9325
Office Hours: TBD

Supervised Teaching Assistant:
Juanpablo Olguin
Ph.D. Student
J. Crayton Pruitt Family Department of Biomedical Engineering
University of Florida
JG56 Biomedical Sciences Bldg
jpwp25@ufl.edu

Course Description

This course focuses on fundamental biological principles at the cellular and molecular level, and how they relate to engineering applications.

Introduces the fundamentals of molecular biology for biomedical engineers. Designed for juniors or seniors majoring in biomedical engineering to learn the nomenclature and current state of knowledge of the eukaryotic cell and its related structures. Topics include protein structure and function, enzymes, the structure and nature of DNA and the cellular structure and function of various cellular organelles. Learn about energy and the function of mitochondria and chloroplast, cellular communication and the function of the extracellular matrix.

3 Credits.

Course Pre-Requisites / Co-Requisites

BSC 2010 (Biology 1); PCB 3713C (Cellular & Systems Physiology) and CHM 3217 (Organic/Biochemistry) or CHM2210 (Organic Chemistry 1) with minimum grades of C.

Course Objectives

Upon completion, a student should be able to:

- Describe the scope of molecular biomedical engineering
- Describe biomolecular principles of nucleic acids, lipids and proteins with the principles of biochemistry
- Understand cellular and molecular interactions associated with physiological processes
- Describe molecular biomedical engineering principles and approaches in (for example) biotechnology, regenerative medicine, molecular engineering
- Construct an original and creative research project that reflects concepts presented in class

Molecular Biomedical Engineering: BME 4311
Peter S. McFetridge: Fall 2019
### Materials and Supply Fees

None

### Recommended Textbooks and Software

Title: **Essential Cell Biology**  
ISBN: 9780815344544  
Author: Bruce Alberts, Dennis Bray, Karen Hopkin, Alexander D. Johnson, Julian Lewis, Martin Raff, Keith Roberts, Peter Walter  
Edition: 4th (or 5th)  
Publisher: Gatland science

Course notes are derived primarily from textbook above, however some notes will be in addition to the text. Where additional reading or study is required citations and references will be provided to students accordingly.

### Relation to Program Outcomes (ABET):
The table below is an example. Actual outcomes will vary by program.

<table>
<thead>
<tr>
<th>ABET Outcome</th>
<th>Coverage*</th>
</tr>
</thead>
</table>
| 1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics | High  
Reinforced |
| 2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors |                      |
| 3. an ability to communicate effectively with a range of audiences            |                    |
| 4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts |                      |
| 5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives |                      |
| 6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions |                      |
| 7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies | Low  
Introduced |

Coverage is given as high (H), medium (M), or low (L). An empty box indicates that this outcome is not part of the course.

Molecular Biomedical Engineering: BME 4311  
*Peter S. McFetridge*: Fall 2019
Course Schedule
*Note this is subject to change at instructor’s discretion*

Classes will typically follow the Chapters within the text book (ECB). As this is a new approach to the class, time requirements for each chapter will vary, so a defined timetable is not yet known.

Homework numbers and schedule are subject to change, but likely to be 4 mid semester tests/exams with a final.

Attendance Policy, Class Expectations, and Make-Up Policy

Excused absences must be consistent with university policies in the graduate catalog (http://gradcatalog.ufl.edu/content.php?catoid=10&navoid=2020#attendance) and require appropriate documentation.

Students are expected to attend course lectures and participate in class discussions. It is expected that there will be no cell phone or electronic device distractions in class. If you are unable to attend class, will be coming late or leaving early, then you are expected to inform the instructor. Students are expected to be in class, prepared to learn, engaged, and overall contributors to the learning environment. Poor attendance will affect your participation grade.

Unless prior arrangements have been made with the instructor, students will be deducted 15% per day for late coursework, with deductions occurring at the time associated with the due date. Unless prior arrangements have been made with instructor, missed exams will receive a grade of 0pts.

While students are encouraged to discuss course material and assignments together outside of class, it is expected that all coursework/assignments submitted is the students’ own work.
**Evaluation of Grades**

More information on UF grading policy may be found at:
https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx

**Students Requiring Accommodations**

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, https://www.dso.ufl.edu/drc) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

**Course Evaluation**

Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at https://evaluations.ufl.edu/evals. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at https://evaluations.ufl.edu/results/.

Peter S. McFetridge: Fall 2019
University Honesty Policy
UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Software Use
All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy
There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: http://registrar.ufl.edu/catalog0910/policies/regulationferpa.html
**Campus Resources:**

**Health and Wellness**

**U Matter, We Care:**
Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

**Counseling and Wellness Center:** [http://www.counseling.ufl.edu/cwc](http://www.counseling.ufl.edu/cwc), and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

**Sexual Assault Recovery Services (SARS)**
Student Health Care Center, 392-1161.

**University Police Department** at 392-1111 (or 9-1-1 for emergencies), or [http://www.police.ufl.edu/](http://www.police.ufl.edu/).

**Academic Resources**

- **E-learning technical support**, 352-392-4357 (select option 2) or e-mail to Learning-support@ufl.edu. [https://lss.at.ufl.edu/help.shtml](https://lss.at.ufl.edu/help.shtml).

- **Library Support**, [http://cms.uflib.ufl.edu/ask](http://cms.uflib.ufl.edu/ask). Various ways to receive assistance with respect to using the libraries or finding resources.

- **Teaching Center**, Broward Hall, 392-2010 or 392-6420. General study skills and tutoring. [https://teachingcenter.ufl.edu/](https://teachingcenter.ufl.edu/).

- **Writing Studio, 302 Tigert Hall**, 846-1138. Help brainstorming, formatting, and writing papers. [https://writing.ufl.edu/writing-studio/](https://writing.ufl.edu/writing-studio/).

- **Student Complaints Campus**: [https://www.dso.ufl.edu/documents/UF_Complaints_policy.pdf](https://www.dso.ufl.edu/documents/UF_Complaints_policy.pdf)
